

CITY OF SWEENY

Rev. o (4/2/2020)

102 W. Ashley Wilson Rd. • PO Box 248 • Sweeny, Texas 77480 • P: (979) 548-3321 • F: (979) 548-7745

The CITY OF SWEENY water system PWS ID 0200009 has violated the monitoring/reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Title 30, Texas Administrative Code (30 TAC), Section 290, Subchapter F. Public water systems are required to properly disinfect water before distribution, maintain acceptable disinfection residuals within the distribution system, monitor the disinfectant residual at various locations throughout the distribution system, and report the results of that monitoring to the TCEQ on a quarterly basis.

Results of regular monitoring are an indicator of whether or not your drinking water is safe from microbial contamination.

This/These violation(s) occurred in the monitoring period(s)- 3rd quarter and 4th quarter of 2020.

We are taking the following actions to address this issue: Being proactive upon the timelines that are allowed to submit the quarterly disinfectant residuals and submitting the information in a timely manner.

Please share this information with all people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions regarding this matter, you may contact Kevin Eskridge at 979-548-3321
